Vossius & Partner receives MIP award in the category “Germany Trademark Firm of the Year 2019”

Munich, 8th March 2019 – Vossius & Partner was awarded “Germany Trademark Firm of the Year 2019 (Patent and Trademark Attorney Firms)” by the internationally renowned journal *Managing Intellectual Property (MIP)*. As part of the official award ceremony at the *Royal Lancaster Hotel* in London, the partners of the firm Paul Kretschmar, Simone Schäfer, Dr. Georg Andreas Rauh and Dr. Kai Rütting as well as Philipp Widera accepted the award on behalf of Vossius & Partner.

“Following our MIP award as ‘Germany Patent Prosecution Firm of the Year’ last year, we are very pleased to receive this time the award in the category ‘Germany Trademark firm of the Year’”, comment the partners Paul Kretschmar and Simone Schäfer. “The market clearly recognizes the constant growth of our soft IP practice. As a strong and experienced team, we have been representing globally operating companies from different industries in all aspects relating to the protection and enforcement of trademark and design rights for many years now. This award reconfirms our success and our outstanding expertise.” The firm’s trademark and design department, headed by the partner Dr. Mathias Kleespies, counts eight highly specialized attorneys-at-law and one Swiss advocate.

The decision for Vossius & Partner was based on an annual questionnaire concerning significant cases and important clients as well as on the firm’s trademark related professional competence and qualifications. Every year, the internationally renowned monthly journal *Managing Intellectual Property (MIP)* honors leading law firms in the field of Intellectual Property for their excellent work. This year’s award ceremony for Europe, Middle East and Africa took place for the 15th time.
